Dear Parents,

Wow! Can you believe that Spring Break is right around the corner? Before you know it, school will be over and the summer fun will begin! During Spring Break continue to encourage your child to read and practice their math skills. Things seem to go rather quickly once we return from break and the preparation for testing begins.

I would like to say a BIG THANK YOU to all of the parents who have continued to support the 21st CCLC (Century Community Learning Center) Program. Without you we would not be the program that we are and have the privilege of working with your children!

As always, the earliest your child may be checked is 5:47 pm!

Test Taking Tips for Parents

- Keep a positive attitude about tests.
- Mark down test days on your calendar so you and your child are both aware of testing dates.
- Make sure that your child gets enough sleep on the night before the test.
- Ensure that your child eats a healthy breakfast and avoid heavy foods that may make him/her groggy and avoid high sugar foods that may make him/her hyper.
- Make sure that your child gets up early enough so that he/she will be on time to school.
- Talking about the test with your child can relieve stress about test taking.
- If your child is struggling on their tests, talk to them about it and meet with their teacher to find out the best way to help your child.
- Praise/reward your child when they do well on a test or for their hard work preparing for a test.

Education is what remains after one has forgotten everything he learned in school. —Albert Einstein
