Dear Parents,

Welcome Back and Happy New Year to you all. Hope everyone enjoyed the holidays. So here we are, already in the second half of school. We are onto our final stage of “Medical City”. This is where the students will be learning about different medical occupations like Paramedics, Dentists, Optometrists and Home Health Care Nurses. They will be making posters that say Thank You to the First Responders, and a poster representing Healthy Teeth, Good vs Bad Choices and learning about How Germs Spread.

To continue the learning while outside, some of their wellness games will be Bodies in Motion; Capture the Fitness Flag and What time is it Mr. Wolfe? Remember, there is NO School on January 20th to celebrate Martin L King Day.

Reminders

Please remember that this is a federally funded program and the main requirements that must be met to continue these services are: that your child needs to attend daily (five days a week) and your child needs to stay to participate each day until 5:47 pm. Additionally, you must attend at least two adult workshops during the year.

We are audited throughout the year by observation and record keeping. We do not want to jeopardize the program in its entirety so please help us by respecting these requirements. Also, we enjoy seeing your child learn new tools to help them become successful!

What we learn becomes a part of who we are.
