Dear Parents,

We've just moved onto another Project Base Learning Theme: World Expeditions. In the first part, the students will learn about World Cultures. The people, and place they live in. They will start by learning about The Chinese Culture, The Alaskan Northern Light, Hawaiian Islands and South America.

Some of their activities will include making a Chinese New Year Dragon Puppet and mask, along with playing a game called “Catch the Dragon's Tail”. Some will be creating the Alaskan Northern Light’s picture while others will be creating the Iditarod Races, by making their own dog sled. Lastly, they'll be finishing up with Llama's in Peru and the rain forest.

Don't forget to ask them about some of these activities, they love to see your smile and encouragement.

Knowledge will bring you the opportunity to make a difference.
