5 Stress-Busters

1. Take a walk. Physical activity releases chemicals in the brain that help people feel better. Great conversations can happen when it’s you and your kids walking together.

2. Sit down and share a healthy meal together with no distractions. Turn off the television and cell phones. Talk about the day’s events without judgment.

3. Arts and crafts projects are a great way to relieve stress. Try coloring, using modeling compound or clay, painting, or knitting.

4. Listen to music or watch a family show together.

5. Take a brain break and try deep breathing, stretching, or yoga.

Knowledge will bring you the opportunity to make a difference.
