Dear Parents,

March is stomping right on in. Spring is coming and as nature grows, I can see our students growth too. This Month will start the Culinary Program cooking session through UF/IFS. I’m excited to see all the yummy things the student will be making. Aftercare has a garden that we will be working on getting it back together. If you have any plants or seeds you would like to donate please do so at any time. We have 3 Workshops left for the school year. All parents are required to attend 2 workshops for the school year. Please be mindful of Attendance and Early pickups. These things are important to our program.

Workshops: 5 steps to a positive Bed Routines

Test Taking Tips for Parents

- Keep a positive attitude about tests.
- Mark down test days on your calendar so you and your child are both aware of testing dates.
- Make sure that your child gets enough sleep on the night before the test.
- Ensure that your child eats a healthy breakfast and avoid heavy foods that may make him/her groggy and avoid high sugar foods that may make him/her hyper.
- Make sure that your child gets up early enough so that he/she will be on time to school.
- Talking about the test with your child can relieve stress about test taking.
- If your child is struggling on their tests, talk to them about it and meet with their teacher to find out the best way to help your child.
- Praise/reward your child when they do well on a test or for their hard work preparing for a test.
