Dear Parents,

Science Fair is being held on December 6th and 7th.

On December 5th there is the winter concert starting at 5:00.
Following the concert is Dinner & Data for grades 3rd-6th.

The last day of school before winter break is December 21, 2017. School will resume on January 8, 2018. Hope everyone has a wonderful break.

Brevard After School Website

Don't forget to go to the Brevard After School 21st CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

Upcoming Events

- December 5:** Dinner and Data
- December 7:** Science Fair Project
- December 21:** Last Day of School Before Winter Break

What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
