Dear Parents,

Winter Break is approaching quickly and we at Brevard After School are preparing for the many festive activities! Take a moment to become inspired by our children and all the hard work that they do.

Sometimes being appreciated for the small, positive things our children do, is worth more than the glorified praise! A simple thank you or a smile or a quiet listening ear, can change a child's life!

HAPPY HOLIDAYS!!!!

Brevard After School Website

Don't forget to go to the Brevard After School 21st CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

Upcoming Events

December 22- January 5, 2018
Winter Break!

December 14
Parent Workshop

December 19, 20, 21
Early Release Days-1:15pm

What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
