Coordinator: Diana Stephens (Mrs. Dee) T:321-633-3570 ext. 4002

Dear Parents,

The holidays are upon us and the children are very excited! Instead of wishing for what we would like for the holidays, how about asking the question, "What can I do to make the holiday better for someone else"? Spark a conversation with your child about doing kind gestures.

ASP tutoring has begun and will continue through until February 2019. If you have signed your child up, they will check in with me first, go to tutoring and then return to the Program when it is over.

## ATTENTION GRANT PARENTS!!!

The earliest pick-up time is **5:47 pm**. Please respect the program and adhere to this policy!

## Brevard After School Website

Don't forget to go to the Brevard After School 21<sup>st</sup> CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

## Upcoming Events

### Winter Break

December 24<sup>th</sup>-January 9<sup>th</sup>.

### Early Release

December 19, 20, 21

## What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
