Coordinator: Lydia Reynolds T: 321-253-5051 ext.2

Dear Parents,

We are moving ahead full steam. The children are engaged in daily activities which include, Stem based PBL activities, a Spanish Club, "Kids in the Kitchen" cooking enrichment, Girls Scouts and Boy Scouts. The children are having fun while learning at the same time.

Please check your student calendar, we have some upcoming events and I would like to clarify the Literacy Week Sleepover. It is not an actual sleepover. The children are to bring their PJ's, a blanket, favorite stuffed animal and a pillow. Each child will read with a partner to promote the fun in reading in a sleepover like environment. We will serve Hot Chocolate and if you would like to donate cookies, that will be appreciated. It will begin at 3:30-4:30pm, Friday, Feb. 1st.

Also, we will have another Parent Workshop, "Reading with your Children", Thursday, Feb. 21st. Please take advantage of these workshop. We have a total of five including the recent Orientation held on January 24th. Thank you to all who participated, we hope you gained a better understanding of what we are trying to accomplish in the betterment of your child's academic success! Also, please remember that you must participate in two workshops to remain eligible for your child to participate in the BASA East Grant Program.

In addition, as always, THANK YOU FOR YOUR SUPPORT!

Knowledge will bring you the opportunity to make a difference.
-Claire Fagin

Feb. 21, 2019
Parent Workshop

5 Stress-Busters

1. Take a walk. Physical activity releases chemicals in the brain that help people feel better. Great conversations can happen when it's you and your kids walking together.
2. Sit down and share a healthy meal together with no distractions. Turn off the television and cell phones. Talk about the day's events without judgment.
3. Arts and crafts projects are a great way to relieve stress. Try colouring, using modelling compound or clay, painting, or knitting.
4. Listen to music or watch a family show together.
5. Take a brain break and try deep breathing, stretching, or yoga.
