Dear Parents,

Welcome back! We hope you had a wonderful holiday and are ready for the second semester of the 2019-2020 school year.

We are excited about the theme for January as students work toward earning their next badge. With the overall theme, Medical City, our project-based learning activities will revolve around a "new" medical center called "Riviera Hospital." Students will learn about first responders, dentists, paramedics, optometrists, home health care RNs and physical therapists. Group leaders are busy gathering materials and supplies so students will have a fun time as well as learning to appreciate all our health care professionals.

Looking forward to next month, we are planning a 21<sup>st</sup> Century Showcase where examples of student's art work will be displayed. The showcase is scheduled for February 21, 2020 so mark your calendar and be sure to take some time and admire our students' work.

As always, thank you for your support!

**Reminders** Please remember that this is a federally funded program and the main requirements that must be met to continue these services are: that your child needs to attend daily (five days a week) and your child needs to stay to participate each day until 5:47 pm. Additionally, you must attend at least two adult workshops during the year. We are audited throughout the year by observation and record keeping. We do not want to jeopardize the program in its entirety so please help us by respecting these requirements. Also, we enjoy seeing your child learn new tools to help them become successful!
