Dear Parents,

I hope your 2019 is off to a fantastic start! Our 21CCLC Program is in full-swing with students attending tutoring sessions for reading, language, and math skills at least three times a week. We have welcomed Ms. Ogden, Ms. Klouda, and Ms. Warren for Math Skills, Ms. Cherrito for Spanish Language, and Ms. Pittman for Reading and Phonics. We are all led by Ms. Tina Isaacs, is our lead teacher for the academic portion of the grant. We have also recently hired another group leader, Ms. Mary Stark, to work with our 2-3rd graders. Welcome ladies!

This month for project based learning, we are focusing on Physics and Chemistry. This will include activities such as making ice cream with rock salt, an engineering challenge, making balloon propelled cars, making snow, creating magic sand, and studying what makes diapers so absorbent. This unit ties in nicely as our school science fair is also this month!

Lastly, we invite you to attend **Eureka Math Night on February 20th from 5:15-6PM**. This event will count toward your required family workshop attendance. For additional workshop dates, please see the Parent Information board at sign-out.

Thank you for sharing your child with us!

Ms. Christina and the Afterschool Staff

Upcoming Events

Feb 15-18 No School

Feb 20 Eureka Math Night

5 Stress-Busters

1. Take a walk. Physical activity releases chemicals in the brain that help people feel better. Great conversations can happen when it's you and your kids walking together.
2. Sit down and share a healthy meal together with no distractions. Turn off the television and cell phones. Talk about the day's events without judgment.
3. Arts and crafts projects are a great way to relieve stress. Try coloring, using modeling compound or clay, painting, or knitting.
4. Listen to music or watch a family show together.
5. Take a brain break and try deep breathing, stretching, or yoga.

Knowledge will bring you the opportunity to make a difference.
-Claire Fagin
