Dear Parents,

We hope you had a happy holiday and that your new year off to a wonderful start!

Beginning this month, our teachers will begin meeting with students for small group lessons, skill remediation, and tutoring. In addition, students will continue Project Based Learning focusing on weather and landforms. We will have a chance to read about clouds and weather, and even do a science experiment that makes fog!

Please note that we are hosting a mandatory Parent Orientation on January 22nd, 2019 from 5:15-6PM in the Media Center with our project manager Todd Forschino. Our lead teacher Tina Isaacs and myself will also be in attendance. Please plan to attend and receive all of the information needed for your child to attend the grant program.

We look forward to a great year of learning and significant learning gains by the end of the school year. Our teachers are working diligently on engaging lessons and we are confident that our students will be successful in the new year!

Reminders

Please remember that this is a federally funded program and the main requirements that must be met to continue these services are: that your child needs to attend daily (five days a week) and your child needs to stay to participate each day until 5:47 pm. Additionally, you must attend at least two adult workshops during the year.

We are audited throughout the year by observation and record keeping. We do not want to jeopardize the program in its entirety so please help us by respecting these requirements. Also, we enjoy seeing your child learn new tools to help them become successful!

What we learn becomes a part of who we are.
