Dear Parents,

Happy Spring!

As we leave February and enter March, we're just that much closer to Spring Break and then before you know it, summer will be here! In preparation for these last months of school, we will be focusing on practicing our routines and working hard to improve our reading and math skills. We will also be focusing on health and wellness by studying how plants grow. You will notice that your children may be talking about bees, beans, and butterfly gardens – and that is totally normal! We encourage you to ask your children to tell you more about what they have learned.

Our next parent workshop is March 13th, 2019 from 5:15-6PM entitled "Family Friendly Fun". Please remember that each family must have a parent attend 2 workshops per year – and after March there will only be two left, so please plan accordingly.

Thank you for sharing your child with us!

Ms. Christina and the Afterschool Staff

Upcoming Events

March 13th – Family Friendly Fun Workshop

March 15th-22nd – Spring Break

Test Taking Tips for Parents

- ✓ Keep a positive attitude about tests.
- ✓ Mark down test days on your calendar so you and your child are both aware of testing dates.
- ✓ Make sure that your child gets enough sleep on the night before the test.
- ✓ Ensure that your child eats a healthy breakfast and avoid heavy foods that may make him/her groggy and avoid high sugar foods that may make him/her hyper.
- ✓ Make sure that your child gets up early enough so that he/she will be on time to school.
- ✓ Talking about the test with your child can relieve stress about test taking.
- ✓ If your child is struggling on their tests, talk to them about it and meet with their teacher to find out the best way to help your child.
- ✓ Praise/reward your child when they do well on a test or for their hard work preparing for a test.

Education is what remains after one has forgotten everything he learned in school.

–Albert Einstein
