---

Dear Parents,

In April we will be learning how water moves through plants, how plants absorb water, what happens when mixing oil and water, making trail mix, and making homemade ice cream by hand. We will be using microscopes with plants, making Solar pizza ovens, and using napkins with origami.

From our garden we have eaten beets, carrots, lettuce, cabbage, Swiss chard, and Chicken salad. The boys Scouts have been building cars.

We are really enjoying watching our garden grow and tasting all the delicious food. We are learning a lot about eating healthier and feeling better.

## How to help your child succeed in school:

- ❖ Stay involved and feel free to contact your child's teacher with any questions or concerns.
- ❖ Ask your children about school and encourage them to talk about their day.
- ❖ Read with your child every night.
- ❖ Teach your children to be responsible for their actions and schoolwork.
- ❖ Help your child with his/her homework every night.
