Dear Parents,

We hope that everyone is safe and ready to begin online schooling. The teachers and the district have been working diligently to prepare for continuing your child's education. Please take the time to look at your child's teacher's information that she/he sends out. Try your best not to be overwhelmed. Remember that the teachers are a great support system and realize that it can seem overwhelming. You and your child should work on a plan of when assignments are due and set up a realistic schedule that will work for your family and realize that it will be different from their normal school day. Children need routines and schedules and it will make the whole experience much less stressful if there are break times in your schedule. Also, don't forget that the schools are providing breakfast and lunch, free of charge every weekday. You can pick up both meals at the same time. Just pull thru the bus loop here at Oak Park and tell the first person how many children are with you in the car. They will put a piece of paper with that number on your window. Pop your trunk and pull up to the next group and they will place the food in your trunk. No need to get out of the car. Social distancing is easily carried out. The children must be with you but are also able to come up on their own if you are not able to bring them.

Education is a gift that no one can take away.

April 20-24, 2020

Afterschool Professionals
Appreciation Week

How to help your child succeed in school:

- ❖ Stay involved and feel free to contact your child's teacher with any questions or concerns.
- ❖ Ask your children about school and encourage them to talk about their day.
- ❖ Read with your child every night.
- ❖ Teach your children to be responsible for their actions and schoolwork.
- ❖ Help your child with his/her homework every night.
