---

Dear Parents,

March is here and we are enjoying the beautiful weather. Our garden is finally growing and the children are enjoying seeing the new growths that pop up daily. The lettuce is beautiful and green and the carrots are growing too.

The children are now working on Medical City with our projects and are enjoying the fun projects. We have another in-service day coming up on March 17<sup>th</sup>.

Before we know it Spring Break will be here. Please remind the children to continue to work hard at school and they will have a well-deserved break to look forward to.

Tell me and I forget, Show me and I remember. Involve me and I understand.

-Chinese Proverb

## Test Taking Tips for Parents

- ✓ Keep a positive attitude about tests.
  - ✓ Mark down test days on your calendar so you and your child are both aware of testing dates.
  - ✓ Make sure that your child gets enough sleep on the night before the test.
  - ✓ Ensure that your child eats a healthy breakfast and avoid heavy foods that may make him/her groggy and avoid high sugar foods that may make him/her hyper.
  - ✓ Make sure that your child gets up early enough so that he/she will be on time to school.
  - ✓ Talking about the test with your child can relieve stress about test taking.
  - ✓ If your child is struggling on their tests, talk to them about it and meet with their teacher to find out the best way to help your child.
  - ✓ Praise/reward your child when they do well on a test or for their hard work preparing for a test.
- 

Education is what remains after one has forgotten everything he learned in school.

-Albert Einstein
