Dear Parents,

The kids have been diligently working to work in the 21st Century Grant Program after school. They go each day for 1 ½ hours to work on remedial skills: 2 days a week Math, 2 days a week Reading and 1 day a week Science. During this time, homework help is also available. Christmas break is coming up soon. This year has been challenging for all of us. Please take some time over the break, to re charge and relax.

Brevard After School Website

Don't forget to go to the Brevard After School 21st CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

Upcoming Events

Dec. 4th, 11th, 18 Early release

Dec. 21st-1st Winter Break

Jan. 4th Back to school

What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
