Coordinator: Tracy McGreal T: 321-952-5966

Dear Parents,

Our overarching theme is Medical City. The primary students are earning the Healthy Living, Healthy Choices badge and the intermediate student are earning the Well Work badge.

Academic teachers are pulling students every day for Math, ELA, Reading. Our Homework time is 5:00-5:45 pm every day. Please remind your students to complete their homework during this time and if they need assistance, Mrs. Jennifer and Mr. Michael is available to help them.

Time seems to be flying by! It almost winter break. Our Early Release Days are followings: December 18-20. Our programs are open until 6:00 PM. Winter Holidays are from December 23.2019 to January 7, 2020. All Brevard After Care programs are CLOSED during those days.

Big Reminders: Pick-Up time is 5:47pm. Continued Early or Late pick-up could result in being removed from the program. Please send in a Doctor's Note for absences

From Our Family to your family we like to wish you all Merry Christmas and Happy New Year with Lots of Love.

Brevard After School Website

Don't forget to go to the Brevard After School 21st CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

**We are all like a snowflake in our own different way.

Upcoming Events

December 5th – Advisory Board Meeting

December 13th – Family Workshop
5:15-6:00pm

December 23- January 7, 2020 - Winter holiday- Program Closed

What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
