Dear Parents,

Save the Date!

Wednesday May 15th 5:00-5:45 Join us here for our family end of the year event.

Snack and juices will be provided. Please try attend, let's go out with a bang!

Our BASA WEST program is coming to end for this year. We would like to take this time to thank YOU for the support throughout the year by attending the family events, workshops, giving us feedback, and for your kindness throughout this great adventure. Hopefully we have enriched your child's development in a positive way through the academic help from our great teacher's participation and our BAS staff. We have had wonderful community partners as well and look forward to the new school year with them. The biggest **SHOUT OUT goes to your children who attend the program. I would like to send out my personal **THANKS** to all the students who attended and made this a successful year.

The program goes until May 30, 2019 and pick-up time is no earlier than 5:47pm up until 6:00pm.

Ways to Prevent Summer Slide

- Read EVERY day! Read non-fiction, fiction, ebooks, poetry, newspapers and read out loud! Most libraries have a wonderful summer reading program with incentives and rewards for books read over the summer.
- Cook with your children. This is one of the best ways to integrate math, reading and following directions.
- Plant a garden. Your child will gain responsibility and pride as they watch their plants grow and thrive.
- Take a field trip to a museum, zoo or local park with walking trails.
- Learn a new word each week! Hang it on the fridge and see who can use it the most times throughout the week.
- Enroll in a quality summer program that will provide your child with opportunities to build their critical thinking skills.
- Play quick games with flashcards like Math War or Concentration to keep math skills sharp.
- Listen to Audio Books during your road trip.
- Take pictures and make a summer scrapbook.
- Did I mention READ?! If your child does nothing else this summer make sure he/she is reading!
