

Notice to the Cocoa Community:

Brevard Public Schools is currently designing and developing the content for the intent to submit an application for a 21<sup>st</sup> Century Community Learning Center Grant at Endeavour Elementary school. The design of the program will help students meet state and local standards in core academic subjects. Brevard Public Schools will base the program on the assessment of a Principal needs survey, school improvement plans and objective data. The program will provide academic afterschool activities which under the parameters of a federally-defined program must target activities in the following areas: Literacy and English Language Arts, Mathematics, Science, Personal Enrichments and Family Member Performance. If your organization is interested in participating in the development of this grant, please contact us by email at [embry.debi@brevardschools.org](mailto:embry.debi@brevardschools.org) or by phone at 633-1000 extension 357 by June 5, 2017 indicating your interest.

Weekly the Brevard Afterschool Team is meeting to develop this program and would appreciate the additional input. If awarded, our organization will continue to provide timely and meaningful information to the community regarding future program changes, operations and continuing applications if funded to operate a 21<sup>st</sup> CCLC program.

We look forward to the possibility of working with your organization to bring the best possible services to the children of our community.
