Dear Parents,

Welcome back and Happy New Year! We have a busy January. Culinary class will begin on Wednesday the 10th. The children will be chopping, mixing, and working together to create fabulous food. This is something they have enjoyed in the past and I know they will not want to miss out. The class runs from 3:30 to 5:30 every Wednesday through late February. This will end with a family tasting night that we would like everyone to participate in.

Our next parent workshop is on January 18 and will cover Science Fair information. Please get this information as all children in 3rd – 6th grade are required to do a project. This is very informative.

Reminders

Please remember that this is a federally funded program and the main requirements that must be met to continue these services are: that your child needs to attend daily (five days a week) and your child needs to stay to participate each day until 5:47 pm. Additionally, you must attend at least two adult workshops during the year.

We are audited throughout the year by observation and record keeping. We do not want to jeopardize the program in its entirety so please help us by respecting these requirements. Also, we enjoy seeing your child learn new tools to help them become successful!

What we learn becomes a part of who we are.

Creating Your Child's Own Reading Library

How to Choose Books:

- Look for books based on your child's interest.
- Find your child's favorites.
- Choose situational books.
- Use books to learn about and celebrate special events.
- Choose a book appropriate to your child's development.
- Look for books that initiate independent reading.
- Choose the right reading level.
- Organize by categories.
