Dear Parents,

We have reached the last month of school and we have some exciting things planned for our afterschool students. We are starting a new unit still based off of culinary where we will continue to learn and experiment with different foods to make reading, art, wellness and stem activities!

Please understand that although there aren't many days left of school toys need to stay home and students should be present until 5:47pm.

We will be celebrating our last days closer to the end of the month and I will have more details about that soon. Have a wonderful month of May and If anyone needs summer camp information please visit www.breavrdafterschool.com

Thanks, Emily

May 30

Last Day of School

Ways to Prevent Summer Slide

- Read EVERY day! Read non-fiction, fiction, ebooks, poetry, newspapers and read out loud! Most libraries have a wonderful summer reading program with incentives and rewards for books read over the summer.
- Cook with your children. This is one of the best ways to integrate math, reading and following directions.
- Plant a garden. Your child will gain responsibility and pride as they watch their plants grow and thrive.
- Take a field trip to a museum, zoo or local park with walking trails.
- Learn a new word each week! Hang it on the fridge and see who can use it the most times throughout the week.
- Enroll in a quality summer program that will provide your child with opportunities to build their critical thinking skills.
- Play quick games with flashcards like Math War or Concentration to keep math skills sharp.
- Listen to Audio Books during your road trip.
- Take pictures and make a summer scrapbook.
- Did I mention READ?! If your child does nothing else this summer make sure he/she is reading!
