Coordinator: Terri Bagby T: 321-633-3545

Dear Parents,

Wow! We are moving into December and Winter Break is just around the corner. The colder air has arrived so make sure to label your child's jacket. The students are busy working on projects. We have had "Kids in the Kitchen" program for the last 6 weeks and the students learned many great new recipes! United Way has donated many books for our students and Girl Scouts and Boy Scouts have been coming every other week with great activities. We will start our new clubs after the Winter Break.

Please remember we close at 6:00 PM so be sure you are on time. If you have a new address or phone number, please update your information with the Coordinator.

From our staff to your family, we wish you a very safe and happy holiday.

Brevard After School Website

Don't forget to go to the Brevard After School 21st CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

We are all like a snowflake in our own different way.
-Unknown

Upcoming Events

Winter Break begins December 24th

Students return to school January 10th

What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
