Dear Parents,

This month we are beginning our Science Skills Groups on Thursdays. Be sure to ask your child what they are doing. Every Monday and Wednesday, your child is in a Reading group and Tuesday's and Fridays, a Math group. We have made many changes this year due to the "still lingering" pandemic. As we embark on this new journey together, we hope to offer your child the academic support they need as well as social and emotional support while we have fun! We are all in this together.

Our community partners have created videos for us to share with the students as well as providing resources for them. This truly is very different for us this year!

On October 22nd we will be celebrating Lights On Afterschool. The students will be making masks for our "masquerade parade". Be sure to catch a glimpse of them as we walk though just before dismissal.

Lights On Afterschool

Each October, 1 million Americans and thousands of communities nationwide celebrate **Lights On Afterschool** to shine a light on the afterschool programs that keep kids safe, inspire them to learn, and help working families.

"It does not matter how slow you go as long as you do not stop"

Afterschool Celebration

How to Balance Family Needs

Contribution and connection are the keys to balancing your family's needs. As a parent, there are days when it seems easier to do everything yourself, but responsibilities stack up and you may feel stress and resentment. Doing it all yourself also robs children of the value of contributing to the family. Assign children jobs or chores based on their developmental level. Contribution to the family by performing a job eases some of your responsibilities, increases children's senses of well-being, and fosters cooperation. Create time for your family to connect. Five minutes of play a day will reduce power struggles with children by 50%. Setting aside time for connection with your child pays significant dividends in cooperation and contentment.
