Dear Parents,

We have had a great start to the school year. The children are getting their academic remediation and skill-based practice in ELA, Math, and Science, from Mrs. Seus. She is also helping with Homework.

Our Theme is Prehistoric World. Ms. Jasmine is working on Project Based Learning in Art, Social Emotional Learning, and Wellness activities.

We continue to be safe following BPS and CDC guidelines. We ask that the children continue to wear masks during after care. We also sanitize hands when entering cafeteria for after care and before snack time; and then when entering from outside. All toys and equipment are sanitized daily.

Thank you for being on time for pick-up. **Please remember continued absences/early pickups (9/semester) and late pickups (2/semester or 3/school year whichever comes first) may result in the discontinuation of services.**

Lights On Afterschool

Each October, 1 million Americans and thousands of communities nationwide celebrate **Lights On Afterschool** to shine a light on the afterschool programs that keep kids safe, inspire them to learn, and help working families.

How to Balance Family Needs

Contribution and connection are the keys to balancing your family's needs. As a parent, there are days when it seems easier to do everything yourself, but responsibilities stack up and you may feel stress and resentment. Doing it all yourself also robs children of the value of contributing to the family. Assign children jobs or chores based on their developmental level. Contribution to the family by performing a job eases some of your responsibilities, increases children's senses of well-being, and fosters cooperation. Create time for your family to connect. Five minutes of play a day will reduce power struggles with children by 50%. Setting aside time for connection with your child pays significant dividends in cooperation and contentment.
