Dear Parents,

We are getting close to the end of the semester and Winter holidays will be upon us. We are continuing our PBL projects. The students are continuing their Academic hour with Mrs. Seus, She teaches ELA, Math, and Science and helps with Homework.

We continue to have virtual partners visit; Girl Scouts, Boys Scouts, and 4-H.

We are following CDC guidelines with wearing masks and social distancing. We sanitize all areas and items that we use every day.

We wish you Happy Holidays and a Happy New Year!

Ms. Heidi, Mrs. Seus, Ms. Jasmine, and Ms. Angel

Brevard After School Website

Don't forget to go to the Brevard After School 21st CCLC website to get the latest information including newsletters, pictures of students completing challenges, workshop schedules and information, and updates from the Semi-Annual Advisory Board Meetings.

We are all like a snowflake in our own different way.

Upcoming Events

December 21-January 1- Winter Holidays—All programs closed

What you can do to promote early learning

1. Play with your child and provide opportunities for them to play. Play is essential for healthy brain development.
2. Turn off the TV. A young child's brain is largely shaped by his/her development. Children need activities that stimulate the frontal lobe by involving all the senses, not just passive viewing.
3. Read and talk to your child. Phonemic awareness of sound comes from listening to the human voice.
4. Model the joy of learning and discovery. Go to parks, the beach, zoos and take children on walks. These types of activities stimulate early learning.
5. Connect with your child. Connections boost children's brain potential, encourages cooperation, promotes learning and literacy, increases attention, decreases power struggles and builds loving bonds.
